Computer Science Student

A highly motivated and detail-oriented Computer Science student with a strong foundation in programming languages, algorithms, and data structures. Proficient in multiple programming languages, such as Java, Python, and C++, with a focus on object-oriented programming. Demonstrated the ability to analyse complex problems and develop innovative solutions through collaborative teamwork and critical thinking. Excellent interpersonal and communication skills, complemented by a strong work ethic and a passion for continuous learning in the ever-evolving field of technology. Seeking an internship opportunity to apply my skills and gain practical experience in software development and data analysis.
